Katie was so amazing and brought our vision to life! We chose to go with her Darling Details and Dreamy Design packages. She went above and beyond what we expected. We don't know what we would have done without her guidance and help throughout our planning process. Our meetings before were so detailed, and put me at ease when I needed it most. Our wedding celebration was so magical because of Katie and her team! All of the details were perfect, and you could see how hard they worked to put it altogether. It truly was a whimsical garden fairytale, and we could not have made the day happen without them. Thank you so much, Katie, we both are so grateful for everything you have done for us!

Where to start... Katie and her team were **PHENOMENAL**. From the very beginning, helping us pick vendors, to communicating with all of the vendors throughout the year leading to the wedding, and down to every last detail on the day of - she made sure it was perfect. She communicated with all of our vendors continuously, dealing with all of the minute details that I did not want to deal with (or have the time to), and asked all the questions I would never have known to ask to make sure everything ran smoothly the day of. She created a very detailed timeline to keep us on track, and her team executed my vision perfectly the day-of. I could not have asked for a better wedding planner. Everything went so seamlessly!

Hiring Katie was hands down one of the best decisions we made for our wedding - she is excellent at what she does and super easy to work with! Not only did she create and bring to life the most beautiful design board (our florist had even complimented it), but she also managed all the coordination for our vendors leading up to and on the day of our wedding. It was a huge relief knowing all the details of the day were thoughtfully organized, planned out and well under control so we literally did not have to worry about anything other than enjoying our wedding day. Highly recommend Katie!! She is amazing.
